Appreciation

This is to formally acknowledge and appreciate the commendable contribution of **Mr. Shivam Nivrutti Pokharkar**, who served as a Cyber Security Intern at Maharashtra Cyber, Mumbai. During his tenure, Shivam demonstrated exceptional analytical ability, strong technical knowledge, and a high level of professionalism while supporting critical cybersecurity operations.

During his internship, Shivam worked under the guidance of **Project Manager Mr. Vivek Upadhyay** in the **Security Operations Centre (SOC)** department. He actively contributed to real-time security monitoring, alert triaging, log correlation, and incident analysis. Shivam gained practical exposure to **SIEM platforms such as Splunk and IBM QRadar**, assisting in threat detection and response activities that strengthened the organization's cybersecurity posture.

Shivam played a key role in **Threat Intelligence and Open-Source Intelligence (OSINT)** initiatives, where he supported the identification, analysis, and documentation of emerging cyber threats. His work involved analyzing indicators of compromise, monitoring suspicious digital activity, and assisting in intelligence reporting to enhance situational awareness.

In addition, Shivam contributed to **Social Media Monitoring and Cyber Threat Analysis**, responsibly identifying harmful, misleading, and security-sensitive online content. His timely monitoring and accurate reporting helped support efforts toward maintaining a safer and more secure digital ecosystem.

Throughout his internship, **Mr. Shivam Nivrutti Pokharkar** consistently demonstrated dedication, adaptability, and a strong sense of responsibility. His contributions positively supported Maharashtra Cyber's mission to enhance cyber safety and strengthen cybersecurity readiness through intelligence-driven operations.

I am confident that **Mr. Shivam Nivrutti Pokharkar** will continue to uphold the same commitment, technical excellence, and integrity in all his future professional endeavors.

Best Wishes !!
